December 19, 2008, Beacon, NY -- on December 12 the Beacon Elks Club, Lodge #1493 hosted the 20th Annual Christmas Party for the children with disabilities who attend school at Abilities First Beacon School Site. The Beacon Elks Club, Lodge #1493 donates refreshments and a gift for each child. This year Mr. And Mrs. Claus along with Rudolph, a snowman and the Christmas mouse, joined the Elks Club members for the celebration. Watching the faces of the children light up upon their arrival each year makes clear what the holidays are all about. Abilities First, Inc. would like to thank the Beacon Elks Club, Lodge #1493 for their continuous kindness, generosity and support.

Abilities First, Inc. is a private nonprofit agency, which provides educational, vocational, clinical and residential services to more than 2,000 people with disabilities. The Beacon School Site provides an educational setting for school age children with special needs.
